

SHARKS4KIDS HOW TO TAG A SHARK ACTIVITY

Are you ready to be a junior shark scientist?

1. Print the data sheet, tags and certificate from this packet.
2. Cut out a tag and place tape on the back. You can also laminate the tags and place Velcro/tape on them and your “shark.”
3. You can also pull up the data sheet on a tablet/computer and type in OR write on a whiteboard.
4. Tune into LIVE lesson or view on YouTube after.
5. Do the scientific workup along with us.
6. Share a photo with your official junior shark scientist certificate.
